

Imagine your kind of wedding.

Personal music. A welcoming atmosphere.

Experiences your guests will want to be part of.

YOUR WEDDING SERVICE GUIDE

DJ & MC · Photo Booths · Lighting · Special Effects · Guest Books

How do you want your wedding to feel?

Think about the moment you walk into your reception. Your favorite people are there. The room feels like yours. The music sets the mood, and you get to enjoy the celebration you have spent months looking forward to.

That is where we begin. North Georgia Weddings and Events brings your music, hosting and guest experiences together around your venue, your tastes and the people coming to celebrate.

YOUR MUSIC

DJ & MC coverage for your ceremony, reception and dance floor. Explore pages 4–7.

YOUR GUESTS

Photo booths, keepsakes and recorded messages that bring people into the fun. Explore pages 8–11.

YOUR ATMOSPHERE

Lighting and effects that make your space and featured moments feel personal. Explore pages 12–14.

Your collections and prices are on pages 16–19.

Your space, your details, your celebration.

Get to know your DJ. Feel ready for your day.

An entertainment setup that belongs in the setting.

You should know who you are planning with. Work directly with owner and DJ Sean Anthony to shape your music, introductions and reception flow. Allison supports our photo booth experiences and clients.

You bring your priorities; we help turn them into an entertainment plan. Your online portal keeps song choices and formal-event details in one place. Classic and higher DJ collections include two personal planning meetings.

That preparation means the conversations happen before the wedding: how to introduce your wedding party, which songs feel like you, what guests need to hear, and how the celebration should move between spaces.

You can ask questions, compare experiences and see the inclusions before choosing. Your quote brings the services together with your venue and setup needs, so you understand what you are booking.

LET'S TALK ABOUT YOUR WEDDING

YOUR MUSIC, IN THE RIGHT MOMENT

You know the songs. We help bring the party.

Picture a familiar chorus bringing your friends onto the floor. Then picture the rest of the day: guests finding their seats, conversations over dinner, and the room turning toward you for a toast. Your DJ and MC connects all of those moments.

With Sean, your preferences shape the soundtrack. Favorite artists, must-plays and do-not-play requests help us understand your taste. Clear introductions and well-timed cues help your guests follow the celebration without you having to make the announcements.

Explore all six DJ collections on pages 17–19.

When the dancing begins, the plan meets the people in the room. Sean uses your requests and the energy of the floor to guide the music. Your reception can feel lively, relaxed, full of singalongs—or a mix that grows through the evening.

Choose your DJ coverage around the whole day you want to enjoy. Classic Celebration starts at \$2,250 for up to six hours with ceremony and reception sound setups.

Let everyone hear the reason they came.

The vows. The reading. The little laugh before you say “I do.” Those are the moments your guests came to witness. Dedicated ceremony sound helps them feel included, even when the setting is outdoors or away from the reception.

We plan the ceremony audio and music cues around your location. Your officiant has a lapel microphone, with a handheld microphone when needed. Seating music, entrances and the recessional get their place in the plan.

Having a live musician? We often work alongside musicians and can discuss microphones, sound and the handoff between live and recorded music.

Tell us where your ceremony will happen and how it connects to the reception. We will help you choose the coverage and sound setups that fit your day.

INCLUDED WITH CLASSIC & HIGHER

Separate ceremony audio is part of Classic Celebration and every higher DJ collection. The Essentials is reception-only.

A day with your own personality, from the very beginning.

YOUR ENTERTAINMENT, THOUGHTFULLY CONNECTED

Enjoy the moments. Let us handle the cues.

You should be able to listen to the toast, dance to the song, and be in the photographs—not stop to announce the next event.

The evening feels different when the important details have already been discussed. We work through your music, introductions and formal events with you, then use that plan to guide the entertainment and announcements on the day.

Your online planning portal makes it easier to share songs and reception details as you make decisions. For Classic and higher DJ collections, two personal meetings bring those choices together. We typically meet around 60 days before the wedding and again about two weeks before.

Separate spaces are part of the conversation, too. Your ceremony, cocktails and reception may need different sound setups. We talk through where guests will be and when music is needed, then match the collection to your layout.

You do not need to have every song chosen before you contact us. Start with your date, venue and what you want the day to feel like. We can help you compare the entertainment options from there.

START THE CELEBRATION EARLY

Rehearsal & Welcome Dinner: from \$750. Includes one hour of rehearsal music and microphones, plus two hours of dinner entertainment with trivia, bingo, music bingo or karaoke. This service is not eligible for discounts or promotions.

[SHARE YOUR DATE & VENUE](#)

Make the moment feel like the two of you.

The room settles. Your song begins. For a few minutes, you get to be together while the people you love celebrate around you. We help plan the introduction, music cue and ending so you can focus on that moment.

Choose the song for the connection it has to you. Then decide whether you want a simple, intimate dance or a more dramatic setting. A low cloud can soften the floor; cold sparks can frame a planned cue. A monogram adds a personal backdrop.

The effects are timed around your plans, with venue and setup requirements reviewed before booking. You choose the feeling; we help bring the pieces together.

Want a quiet ending, too? Ask us about planning a private last dance before your send-off. It is one more chance to take the day in together.

GIVE YOUR GUESTS ANOTHER REASON TO SMILE

The fun becomes a photo they keep.

An attended printing booth and a place for guest-book memories.

Imagine your friends gathering for one more group photo. Someone adds a prop. Everyone tries to fit in the frame. A few minutes later, the photo strip becomes a favor they can take home.

Our Classic Booth brings that experience into your reception with an open-air setup, a Photo Booth Butler and custom 2×6 prints. Guests can enjoy unlimited sessions and receive their photos by text, too.

The booth gives people a way to join in between songs, catch up with friends and make memories with family. A custom photo design makes the finished strip part of your wedding.

Add a photo guest book and those pictures become something for you to keep as well: a collection of faces, messages and moments from your favorite people.

CLASSIC BOOTH

From \$995

ASK ABOUT YOUR BOOTH

Find the booth your guests will love.

GLAM / FROM \$1,295

A portrait worth keeping

Choose Glam when you want your guests' booth photos to feel as polished as the wedding itself. Flattering lighting, a clean backdrop and a black-and-white finish create an elegant portrait.

Premium 6×4 prints, digital delivery and a Photo Booth Butler bring the keepsake and the experience together.

ENCLOSED / FROM \$1,295

A little room to let loose

Choose Enclosed for a more private, playful booth visit. The classic enclosure has a bench for intimate groups; black and white glow options create a roomier party atmosphere.

Guests can step out of the reception for a photo, then bring the fun and their printed keepsake back with them.

PREFER DIGITAL SHARING? / FROM \$595

Our compact Digital Drop-Off Booth is self-serve, with photos, GIFs, boomerangs, short videos, text delivery and a gallery. Choose it for digital memories; printing is not included.

Give them a favor with their face on it.

A favorite booth moment can become an everyday keepsake.

*Their photograph.
Your wedding.
A memory that goes
home.*

Your guests are more likely to connect with a keepsake when it comes from a moment they helped create. A photo keychain turns a booth visit into something personal they can carry with them.

Choose a Build-Your-Own Keychain Station for a hands-on reception activity, or ask about an experience where our team assembles finished favors. Both start with the fun of making the photograph.

A photo guest book gives the couple a keepsake, too. Guests pair a print with a message, so you can revisit the people and the evening together.

Want another format? Ask about magnets, buttons, trading cards, frames and albums. DIY choices are available for keychains and photo guest books; staff-made keepsake experiences can be discussed.

For a DJ collection that already brings the booth keychains and Audio Guest Book together, explore The Memory Maker on page 15.

Keep more than their congratulations.

A familiar handset. A message you can hear again.

Imagine hearing the messages after the wedding: a familiar laugh, a story you had forgotten, a wish from someone who means the world to you. An Audio Guest Book keeps the way they sounded, not just what they wrote.

Video adds their expressions and the people standing beside them. Choose a compact tabletop phone, a London-style booth or an attended experience that helps guests leave a message together.

The recordings are delivered digitally. Full-service video collections also include a film, highlight reel, raw videos and a 15-inch video frame.

Choose the experience you will enjoy revisiting. We can help you compare the look, service time and level of support that fits your reception.

*The laugh before the story.
The voice you know by heart.*

Tabletop Audio / Video	\$495 / \$595
London Booth: Audio / Video	\$895 / \$995
Video Photo Booth Station	\$995
Full-Service Video: London or Group	\$1,495

Delivery allowance: 30 miles from 30529 for tabletop and standard collections; 60 miles for full-service video. Confirm setup and service details with your quote.

Make your venue feel like your wedding.

Your names and initials become part of the room.

Walk into a room that carries your colors, highlights the details you chose and gives your first dance a personal backdrop. Lighting helps your wedding design feel complete.

Uplighting adds warmth and color around the venue. A monogram brings your names or initials into the space. Textured projections add depth, while pin spotting keeps a cake or centerpiece visible as the room grows softer.

When dinner gives way to dancing, the atmosphere can change with the music. Choose the dance lighting that matches the energy you want.

Share your venue, palette and favorite details. We will help you choose the fixtures and placement that suit the room, with a quote built around the actual setup.

YOUR LIGHTING OPTIONS

Monogram	\$495
Club lighting	\$595
Textured: 1 / 2 / 3 units	\$495 / \$795 / \$995
Pin spotting	From \$395
Uplighting	Tailored quote

Give your big moment a beautiful setting.

A planned cue becomes part of the celebration.

Your song begins. A low cloud drifts across the floor. A spark display frames a cue while your guests watch the two of you. We help create a moment that feels like part of your celebration.

Choose clouds for a softer first-dance setting, cold sparks for a striking entrance or dance, and LED-lit geysers for a burst of color and energy. We plan the timing with your music and handle professional setup and operation.

We review venue approval, power, clearance and placement before booking. Tell us which moment you are imagining and where it will happen.

COLD SPARKS

2 / 4 units	\$795 / \$1,495
6 / 8 units	\$1,995 / \$2,495
10 / 12 units	\$2,895 / \$3,295
14 / 16 units	\$3,695 / \$3,995

CLOUDS & ENTRANCE GEYSERS

Clouds: 1 / 2 units — \$495 / \$795

Geysers: 2 / 4 units — \$395 / \$595

A guest experience they'll want to show off.

AI ink & watercolor style example

AI caricature style example

A booth portrait can become something unexpected: an illustration your guests recognize themselves in and want to share. Our AI portrait experiences transform a fresh photograph into a styled keepsake, with digital delivery and on-site print options.

Choose ink and watercolor for a softer, fashion-inspired look. Choose caricature for bold color and expressive personality. Old-time styles offer another direction for couples who love a touch of nostalgia.

The experience gives friends a reason to gather, compare their results and enjoy a favor that is personal to them. The artwork can also bring a distinctive visual style to the booth experience.

Tell us which look you love and how you want guests to receive it. Your quote confirms the style, service time and keepsake format. These are AI-styled portraits, rather than work by an on-site illustrator.

ASK ABOUT PORTRAIT EXPERIENCES

THE PARTY AND THE MEMORIES, TOGETHER

One booking. More ways to remember.

Great music for the celebration.

A personal favor for your guests.

Recorded messages for the two of you.

The Memory Maker brings three experiences into one wedding collection. You start with Classic Celebration DJ and MC coverage, then add a photo booth keychain activity and an Audio Guest Book.

Picture the way those experiences fit through the evening: guests enjoy the music, make a photo with friends, create a keychain to take home and leave a message you can listen to afterward. Each memory captures a different part of the people celebrating with you.

Your collection includes up to six hours of DJ and MC coverage, up to two ceremony and reception sound setups, classic dance lighting, the planning portal and two personal meetings.

The booth keychain experience runs for three hours with an attendant and a Build-Your-Own Station for up to 100 keychains. The Audio Guest Book preserves your guests' recorded messages.

\$3,595

A GREAT FIT WHEN

You want personal guest favors and recorded messages alongside your ceremony-to-reception DJ experience.

Choose the experience that feels right for you.

Start with your time and sound locations. Then choose the atmosphere and guest memories you want included.
